### A Final Note

A Montana big game hunt is a unique experience. The rugged remoteness is unmatched anywhere in the continental US. This is big country, with game herds moving freely over millions of unsheltered acres. Our camps are located in beautiful and spectacular country. We recognize the effort and resources you put into planning and executing on a western big game hunt. We've been doing this a long time, and we've got a pretty good operation. We hope you will join us this fall for a truly remarkable hunting adventure.
